Integrating Innovative Practices: From the achievements of the past to what matters going forward: Innovation, integration and implementation of research and practice.

Come join ICCA for our 50th anniversary and our third Annual Conference in the "What Matters" series to be held in Cleveland, Ohio.

This conference brings together policy makers, criminal justice practitioners, and researchers together in a way that highlights the fundamental values that inform our business. This premier research conference features commissioned keynote presentations and workshops highlighting evidence-based policy and practice, and approaches that are cost effective and improve offender outcomes.

2014 Research Chairs

Dr. Christopher Lowenkamp
Chris Lowenkamp is a consultant, lecturer and part-time social science analyst for the Office of U.S. Probation and Pretrial Services. He is the co-author of EPICS-II, STARR and EPICS and has co-authored over 65 articles and book chapters.

Dr. Lowencamp has been involved in training thousands of correctional staff in effective practices and risk assessment.

Dr. Marilyn Van Dieten
Marilyn Van Dieten is a registered clinical psychologist with more than 25 years experience in program implementation, training, and the design of evidence-based interventions. She has written, delivered and evaluated a number of programs and curricula in assessment, case management and treatment and has worked with agencies across North America and in the UK to implement and sustain them.

Monday, September 15, 2014

8:30 am – 10:00 am
Conference Opening: Conference overview including remarks by Gary Mohr, Director, Ohio Department of Rehabilitation and Correction, Cleveland Mayor Frank Jackson (invited); and a historical review of ICCA by Donald Evans and George Keiser.

10:15 am – 11:45 am
First Research Plenary - Motivational Interviewing; Dr. William R. Miller
Motivational interviewing (MI) initially focused on helping problem drinkers but it quickly spread into more general addiction treatment, health care, corrections, health promotion, social work, and mental health. How is it possible to combine this positive, empathic style with the enforcement requirements inherent in correctional work? Dr. Miller, who introduced the method of MI in 1983, will describe what has been learned and changed in MI over 30 years of research, addressing its possible applications with offenders.

12:00 pm – 1:30 pm
Honorable Edwin I. Megargee Lecture & Luncheon
Dr. Uju Agomoh, PRAWA of Nigeria

1:45 pm – 3:15 pm
Second Research Plenary
Translating Policy Into Practice: Promoting Desistance: Howard Sapers, Ottawa, CA and Glenn Martin, Just Leadership USA
Mr. Howard Sapers will discuss current obstacles impacting reintegration in the Canadian federal system. He will also explore potential ways forward to increase the likelihood of successful outcomes. Mr. Glenn Martin, will demonstrate how humane, evidence-based, fiscally responsible, and community-centered practices can be incorporated into a vision for reform and support practices that promote decarceration of humans, and not fiscal discipline, in our vision for reform.

3:30 pm – 5:00 pm
Workshops / Facility Tours (concurrent)

50th Anniversary Celebration

Wednesday, September 17, 2014

8:30 am - 10:00 am
Fifth Research Plenary - New Developments in Neuroscience & Intervention Research
Dr. John Arden, Director of Training in Mental Health, Kaiser Permanent
Advances in brain science research have increased our knowledge of how and why people change and the role that brain function plays in decision making, mood, memory, and behavior. This plenary will synthesize the neuroscience research and the evidence-based treatment outcome literature, and introduce an integrated brain-based treatment model. Dr. Arden will conclude with a discussion of the impact and potential role of the brain science research in transforming policy and practice in our work with males and females involved in the criminal justice system.
